## Languages

Portuguese

English

## Certifications & Unit Courses

### EF SET English Certificate

2024

Grade: 80/100 (C2 Proficient)

[Credential](#)

### Concurrent and Parallel Programming

2023

Gained expertise in Java concurrency, including thread synchronization and distributed programming.

### Object Oriented Programming

2022

Skilled in Java, with a focus on designing and implementing applications using core OOP principles.

### Operating Systems

2021

Deep understanding of OS architecture, process management, and security, with hands-on Linux command line experience.

## Software Projects

### Software Engineering (Unit Course Project)

February 2023 - May 2023

#### Overview

• The project focuses on building a web application for ISCTE (university) that manages scheduling. Key features include CSV/JSON file upload, JSON schedule definition, HTML schedule display, student schedule creation from Fénix platform data, custom schedule creation, and overlapping class visualization.

#### Technologies Used

- Java, Maven, Spring Boot, Cyclomatic Complexity (SonarLint and SonarCloud), Git Version Control, JUnit 5, Docker, Scrum Methodology, Trello Project Management.

## Work Experience

### Summer Internship, Capgemini, Lisbon

July 2024 - July 2024

- My first time working in a big corporate setting gave me a solid grasp of how different departments operate and what their responsibilities are.
- I got a real feel for how the consulting firm is structured and how it runs by spending time in key departments.
- I even had the chance to meet the CEO, which really helped me understand how top-level leadership and strategic decisions work.

## Education

### Bachelor in Computer Science and Business Management, ISCTE-IUL ( 240 ECTS )

September 2020 - July 2024

- Focused on software engineering, particularly in rolling out and managing advanced tech solutions such as cloud computing and Big Data.
- Gained a mix of technical skills and business knowledge, preparing me for strategic roles in tech-driven industries.
